Melody and RyanBer!!! <insert.applause>

Authority to discern persuasivness of an argument.

C. GRADING: Assignment chemistry for remainder semester

i. Assignment radioactivity equates to cobalt-60 with 50% half @ 5.27yrs. For our purposes decay is 50% with all due on Sunday.

ii. <new> Persuasive late arguments - when late, you are strongly encouraged to use your new skills on persuasion and write 2-3 paragraphs about your situation and reasons for grading to consider total points versus degraded points. You can find decision notes beneath your argument.

Sunday.tot.points	Monday.points.left	Tues.points.left	Wed.points.left
14	7	3.5	1.75

Grade distribution* - MODIFIED WITH DROPPED ASSIGNMENTS

Category	# items	Points	Total points	Cummulative
Weekly item (write)	7 left	13	182	182
Weekly reflection	7 left	13	182	364
Answer	3 left	8	80	444
Attendance		100	100	544
Attendance		100	100	644
Essay.2		1	96	740
Essay.3	1 left	1	130	870
Essay.4	1 left	1	130	1000
Total			1000	

D. Python Installation

there will be graded activities in Python Spyder, reach if issue installing

E. Locker ch8 “Creating Effective Visuals” and Dr. Wilson “How to Speak”

MIT professor on use of visuals and props;

https://www.youtube.com/watch?v=Unzc731iCUY&t=372s

Learnings on use of tables, images, and flow charts <rough.notes.on.Wilson.video>

F. Class Discussion

What three aspects of Dr. Wilson did you resonate most with?

What was the hapex legomenon slide mean and how is it used?

The last part of the presentation was on the value of props. Essentially it said a prop is always an effective means to leave a lasting impression.

G. week.8.reflect {assignment.1.of.2}

1. What three aspects of Dr. Wilson did you resonate most with?

2. What was the purpose of the hapax legomenon slide and how is it used?

3. Will you plan to use props more regularly in the future?

ensure to continue using syllable.tree

H. week.8.write {assignment.2.of.2}

Provide 2-3 examples of your presentations. Write a paragraph why they represent your best work and.or anything you would change give Locker and Dr Wilson.

name file 8.reflect.firstname.lastThreeInitials and <add file here>
